

# Kenilworth Ave NE Green Infrastructure Stormwater Improvements

Wednesday December 13, 2023

**Dear Resident/ANC/Local Businesses/Property Managers:**

The District Department of Transportation (DDOT) will begin the construction on **Wednesday, January 3, 2023**. This work will take approximately 4-6 weeks to complete. This construction is located on **Kenilworth Ave NE and Deane Ave NE** (see map on the reverse side of this sheet).

The work will include extension of curb and gutter, installing low plantings of shrubs and perennials, and extending the tree space zone, sidewalk bump outs, ADA ramps, sidewalk replacement, roadway striping and roadway repair. Expanding the green space is a practice used to facilitate and treat stormwater and provide safe pedestrian access.

If weather conditions, schedule changes, or unforeseen issues do not permit our contractor to begin this work on the date stated above, the new start date for construction will be listed on the "EMERGENCY NO PARKING" signs posted throughout the construction project site.

Throughout the construction area, at least one lane of traffic will be open. Access to the adjacent residents and businesses will be limited. Curbside parking will be restricted at this location during construction hours. "EMERGENCY NO PARKING" signs will be posted seventy-two (72) hours prior to the commencement of construction in your area.

All work will be conducted from 7:00 AM to 7:00 PM, Monday through Saturday.

DDOT thanks you in advance for your patience and understanding during the construction; if you have any questions or concerns, please contact me by phone or email, listed below.

Sincerely,

Jo-Elle Burgard  
Project Manager
